

001.01 Intro

Slow zoom

Out of the infinit expanse of stars, enter Ross 128

001.02 Intro

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

001.03 Intro

Stationary

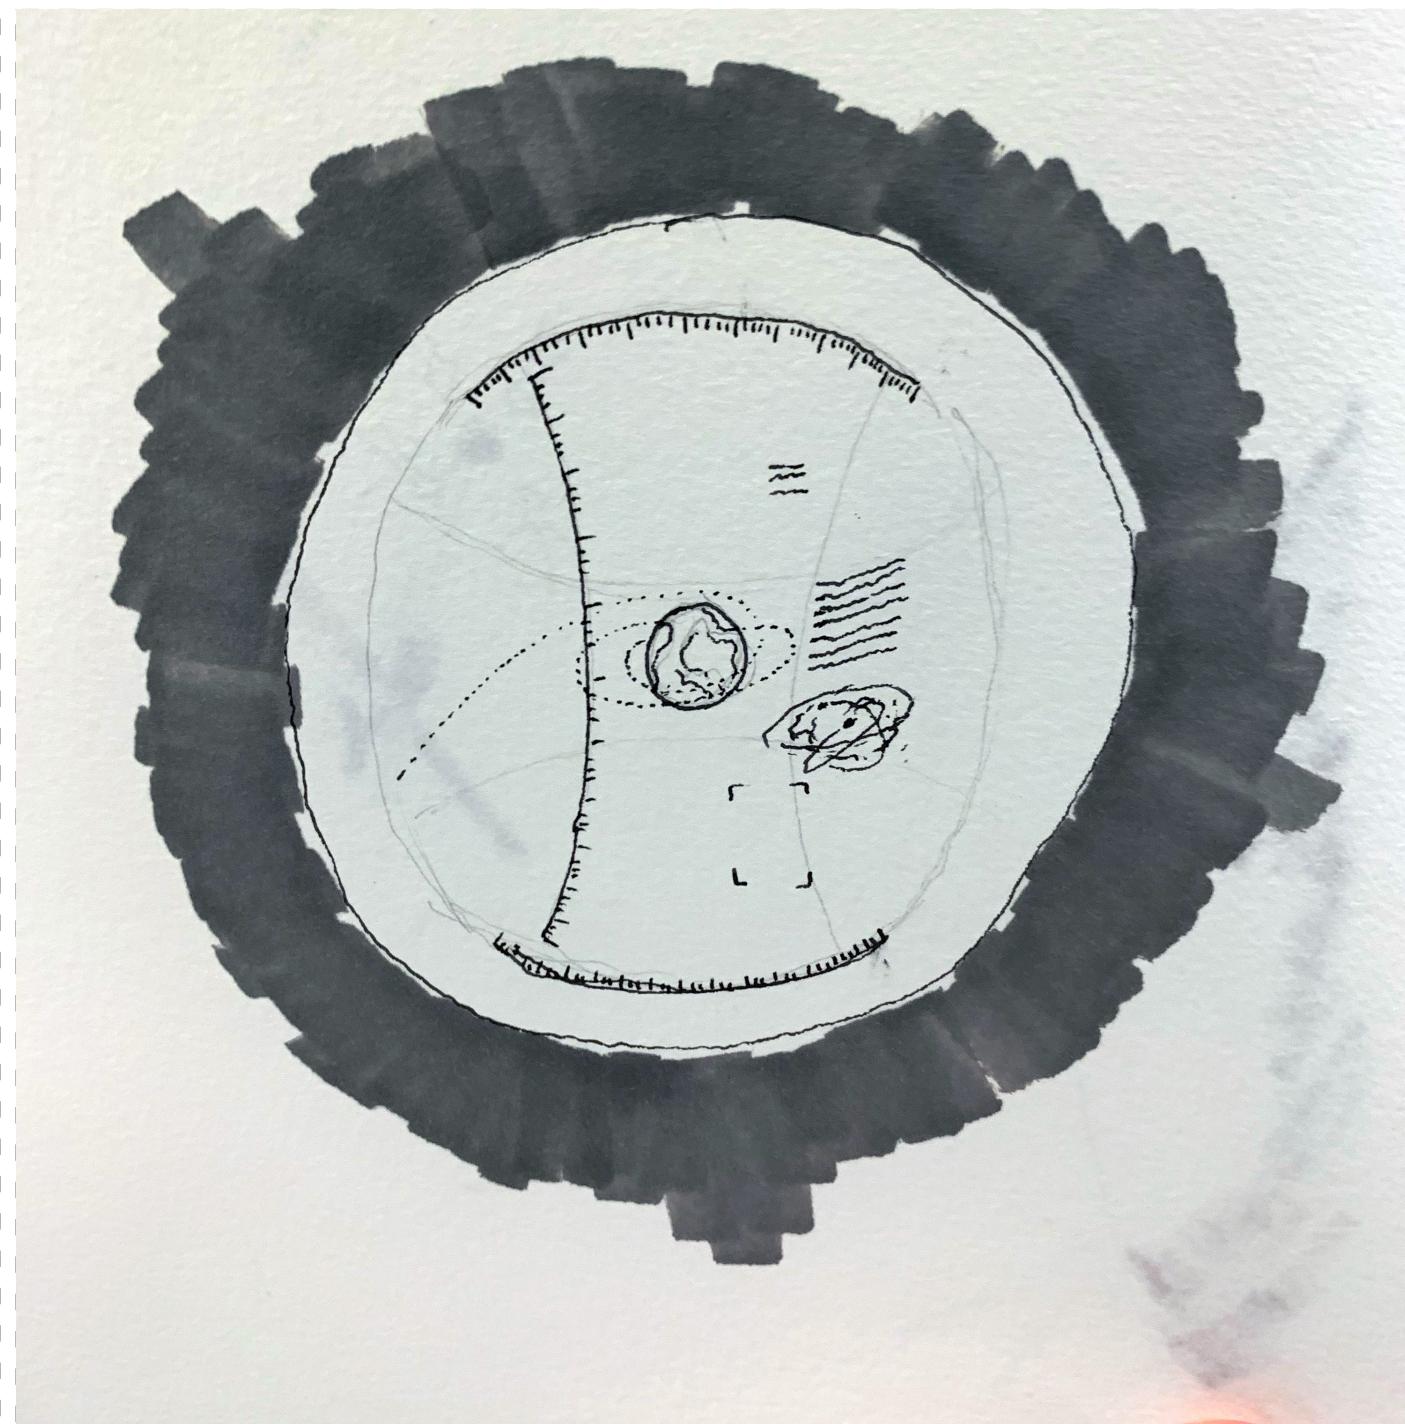

Voyager satellite slips into view from behind the planet

002.01 Satillite

Slow zoom

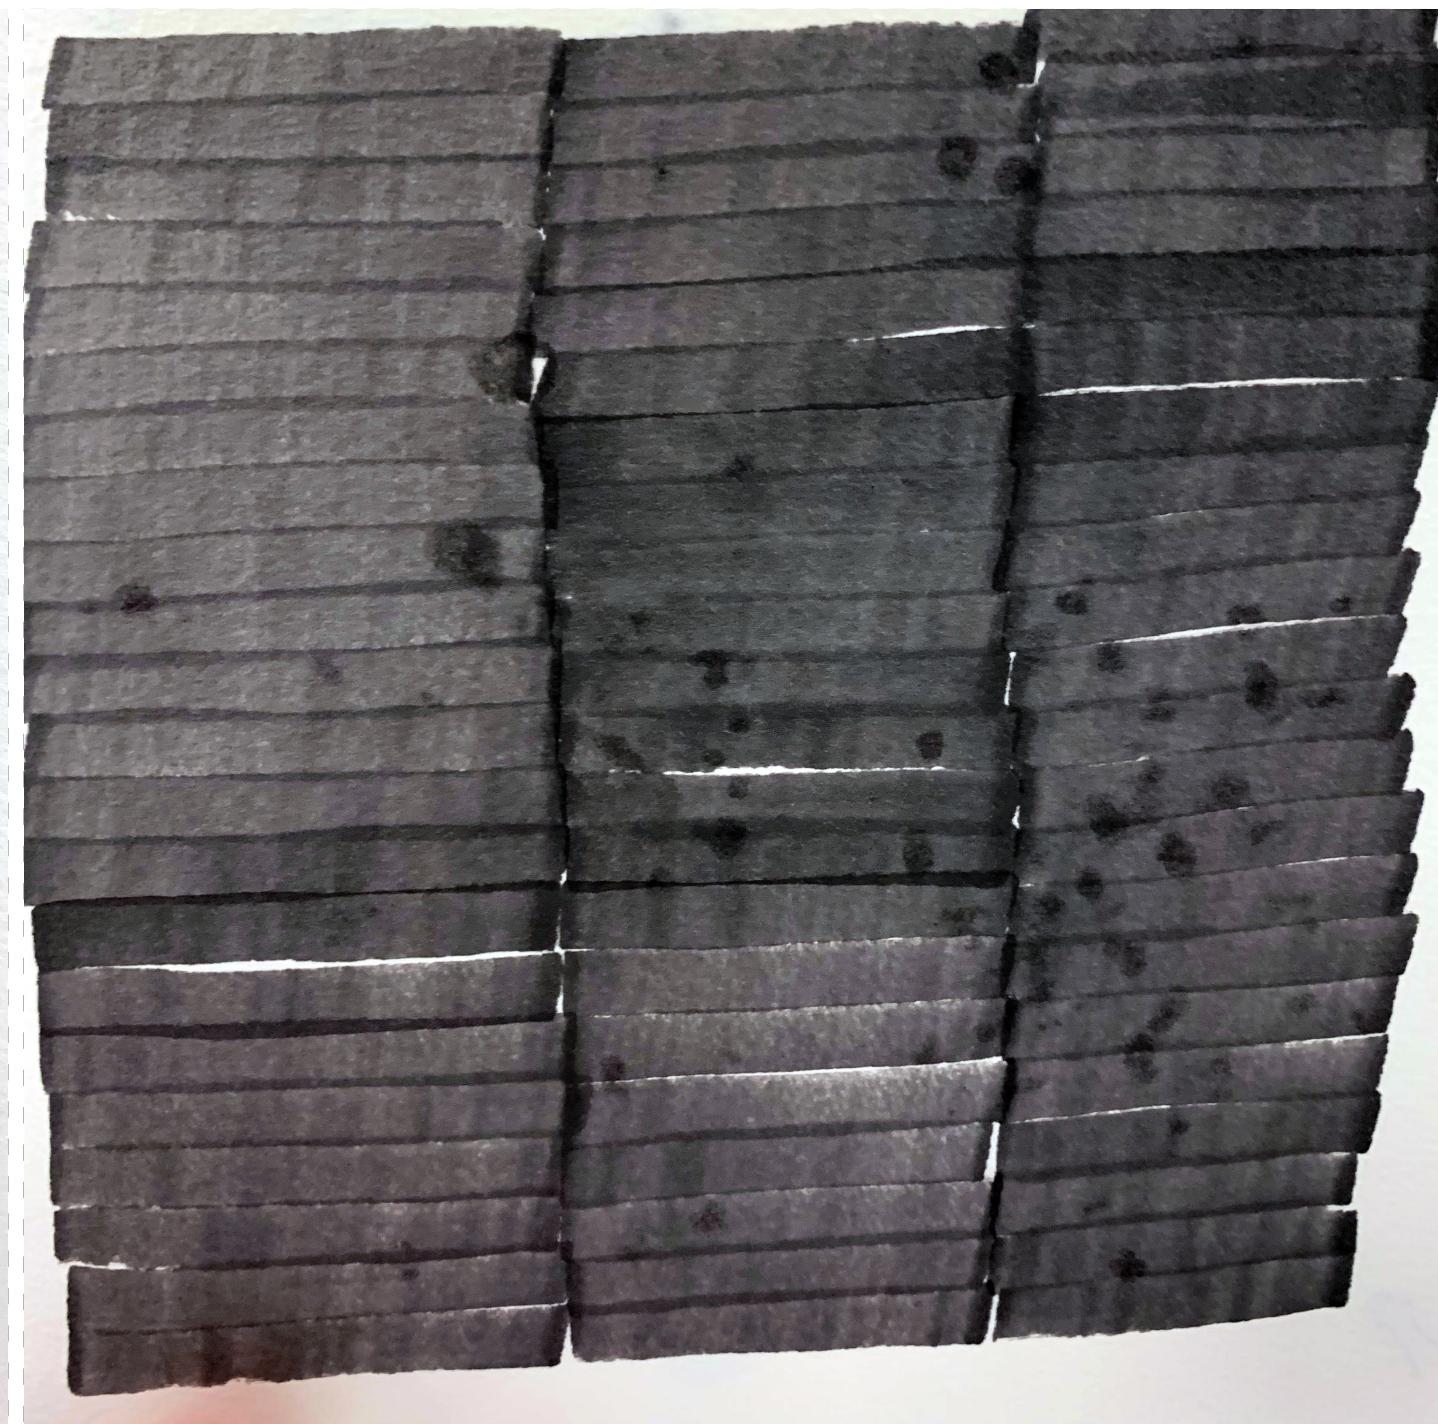

Out of the infinit expanse of stars, enter Ross 128

002.02 Satillite

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

002.03 Satillite

Stationary

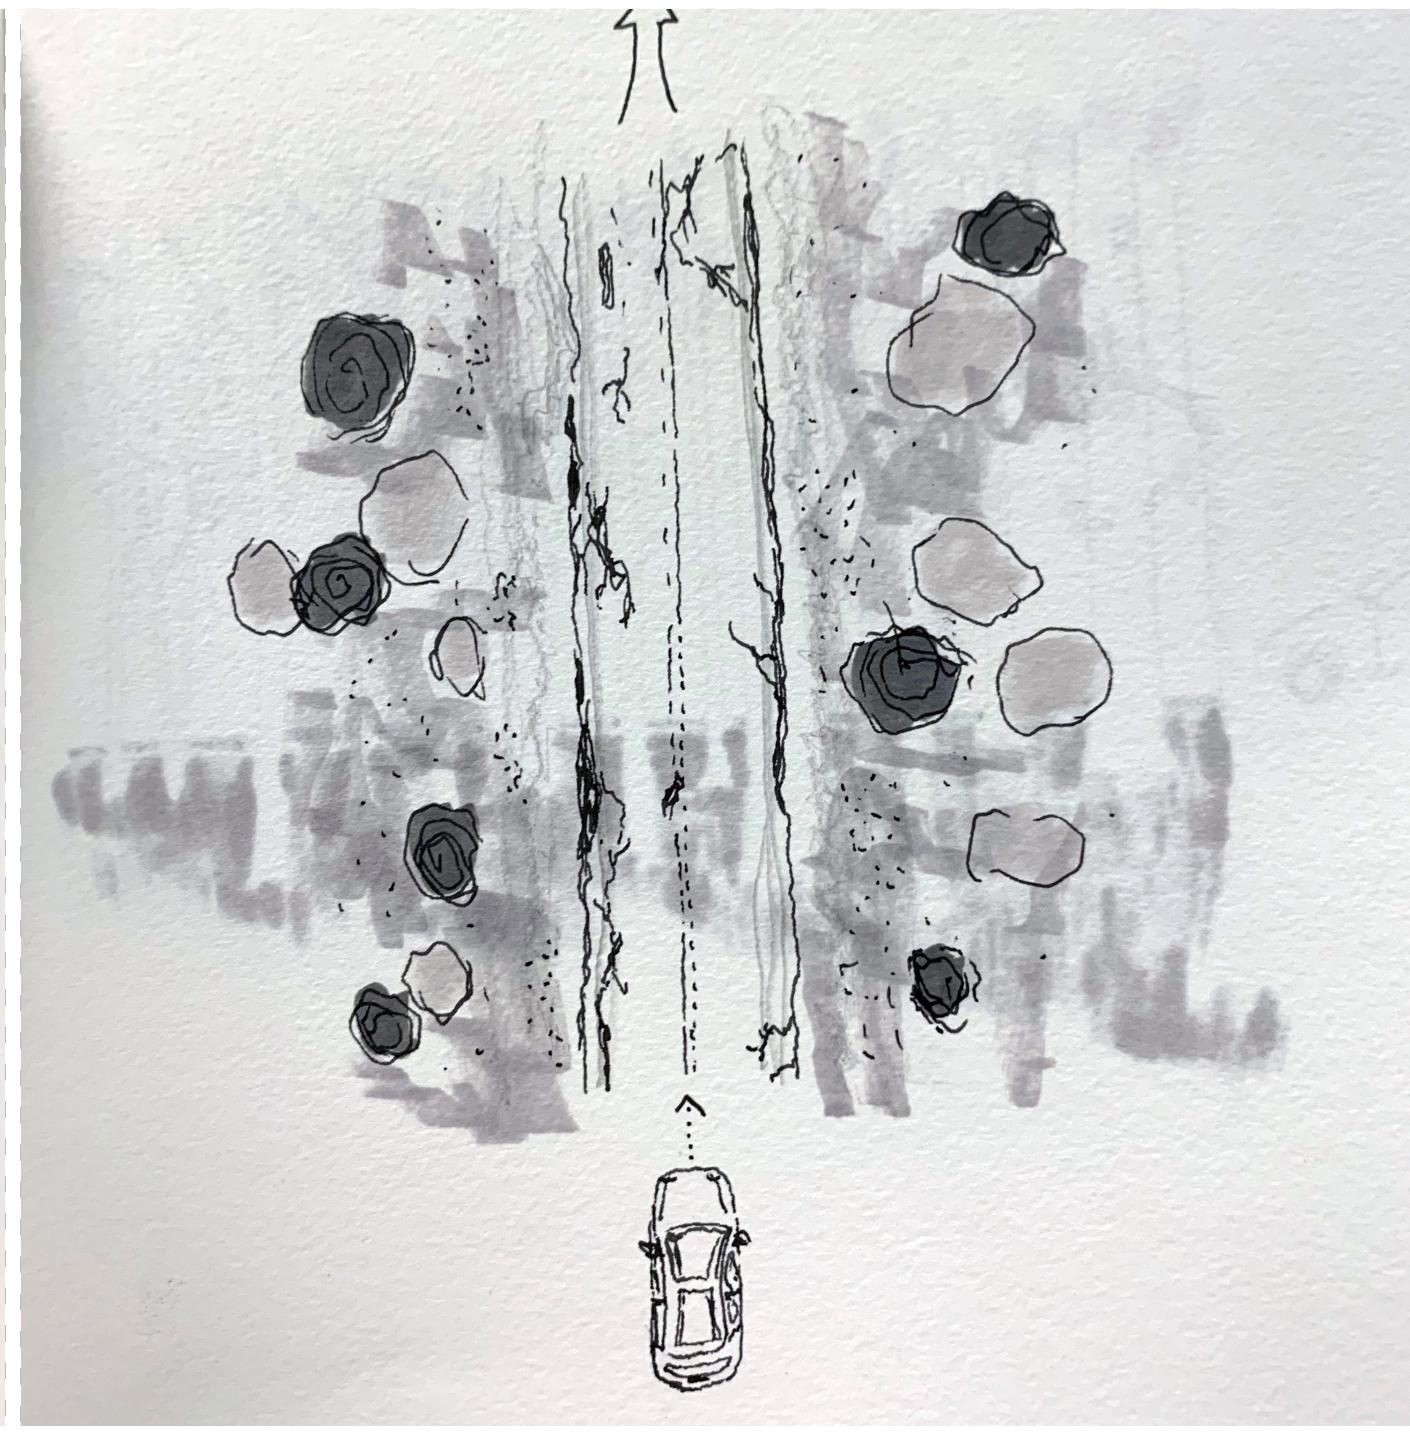

Voyager satillite slips into view from behind the planet

003.01 Washington Forest Arial

Slow zoom

Out of the infinit expanse of stars, enter Ross 128

003.02 Washington Forest Arial

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

004.01 Washington Forest Road

Stationary

Voyager satillite slips into view from behind the planet

004.02 Washington Forest Road

Slow zoom

Out of the infinit expanse of stars, enter Ross 128

004.03 Washington Forest Road

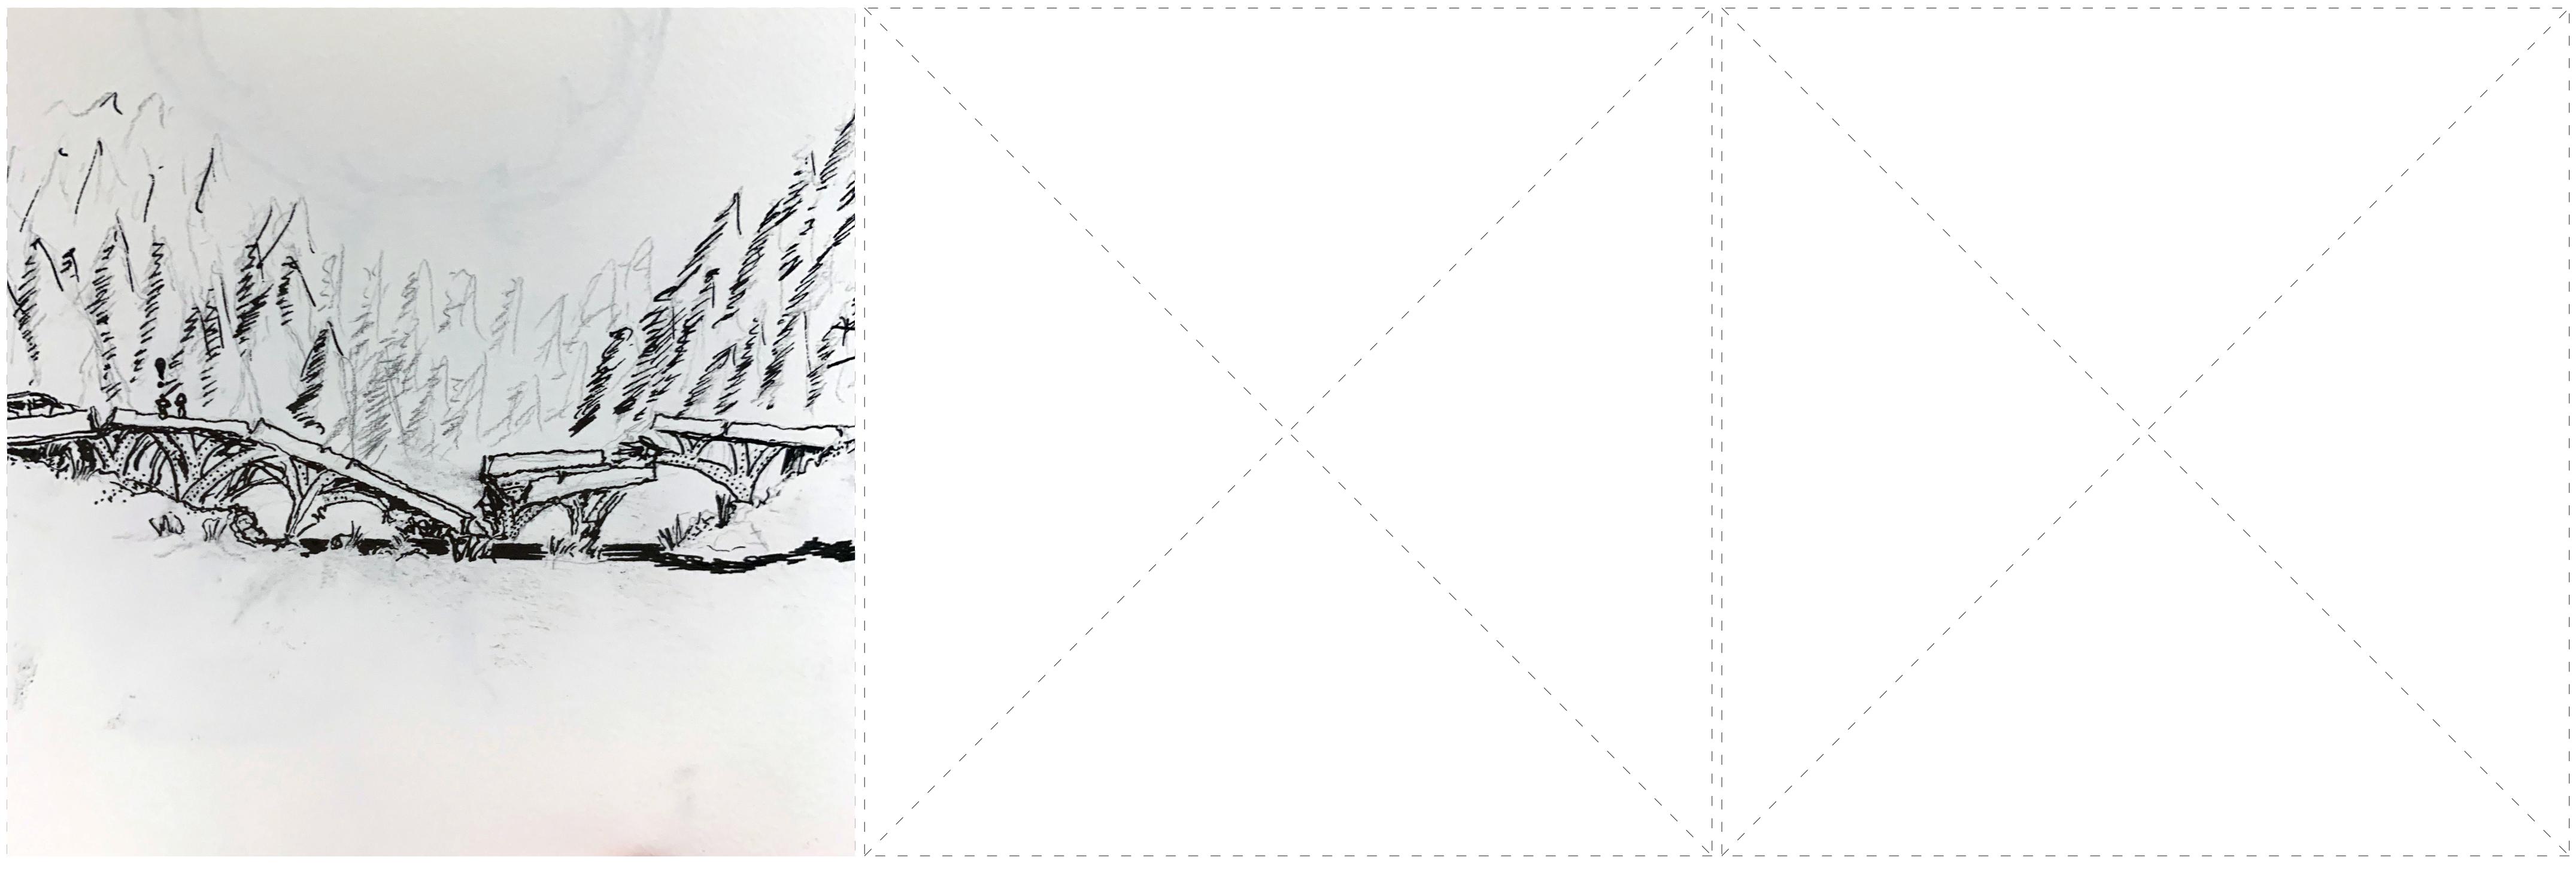

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

004.04 Washington Forest Road

Stationary

Voyager satellite slips into view from behind the planet

005.01 New York City Limits

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

005.02 New York City Limits

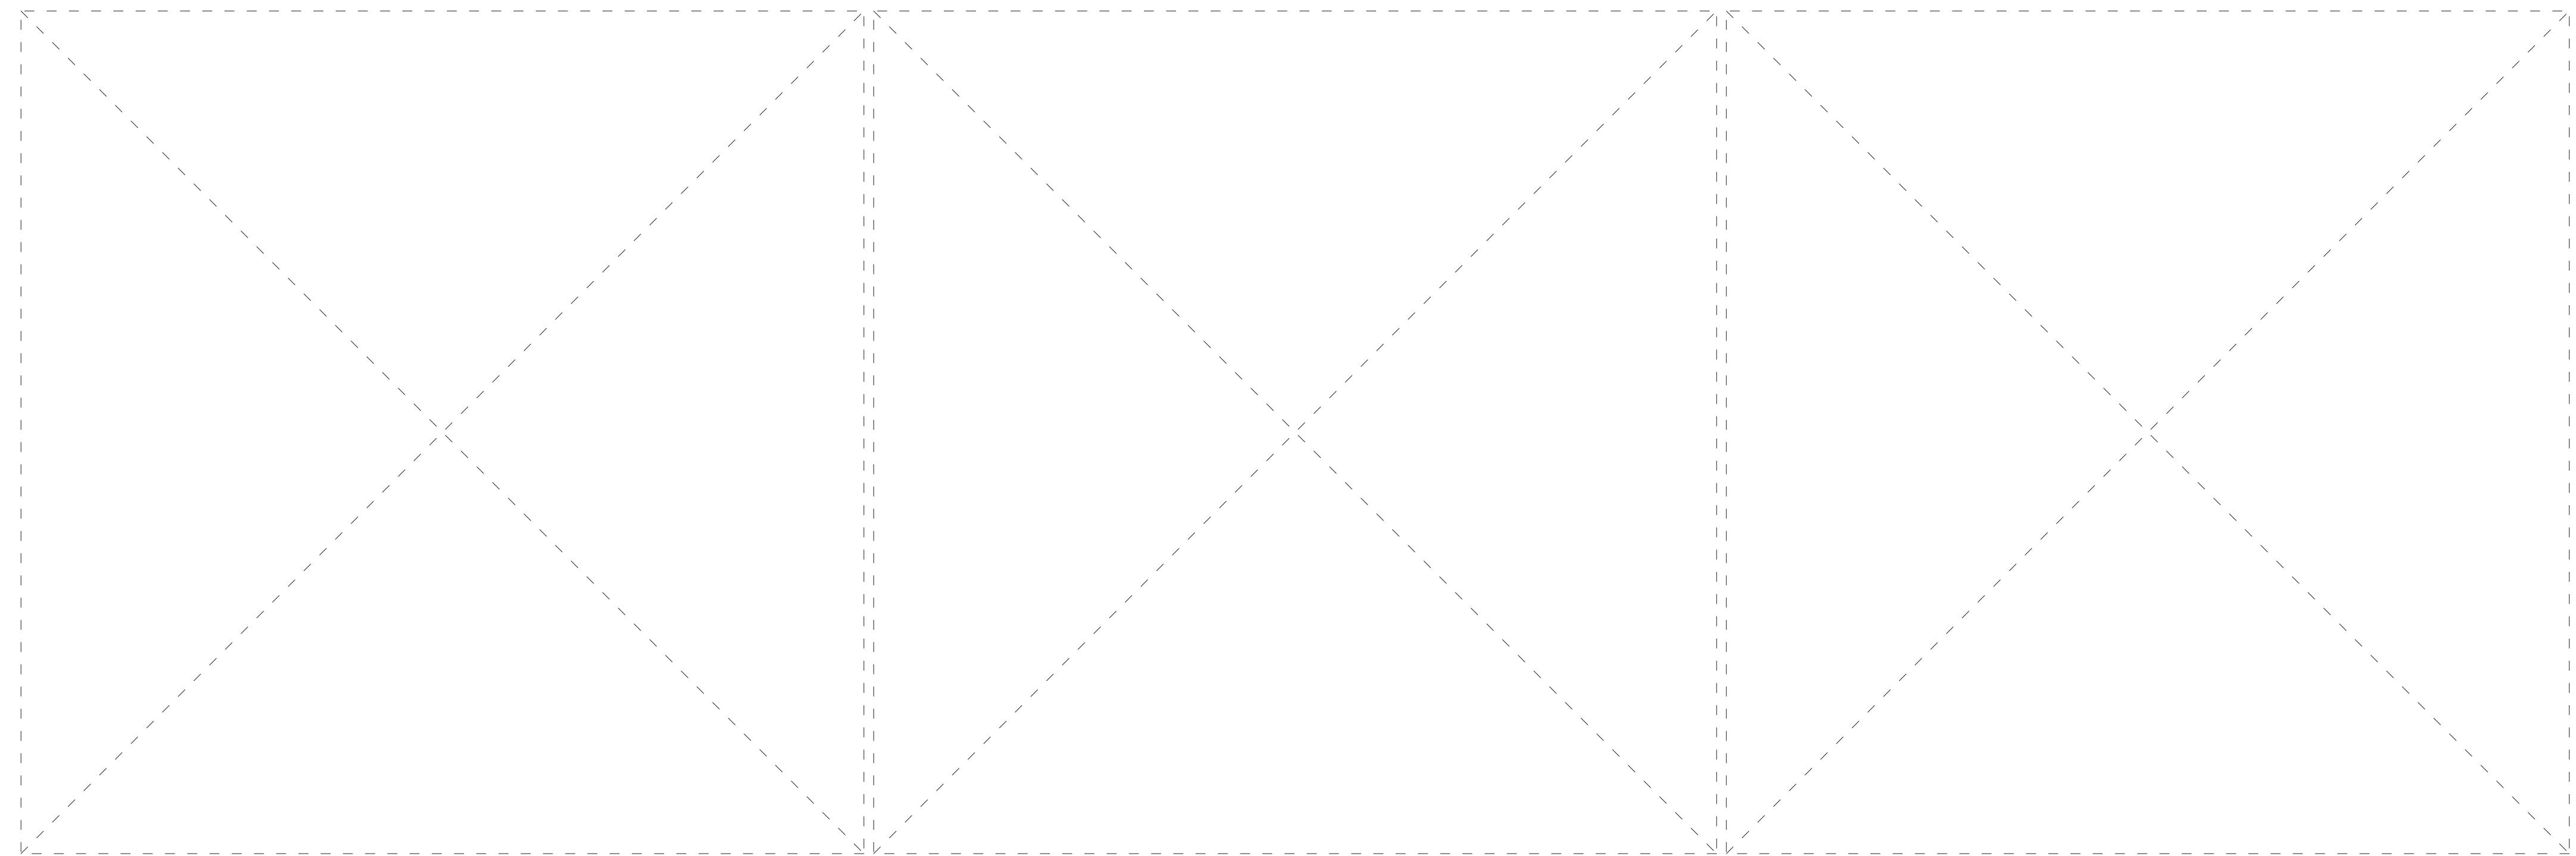

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

006.01 An Urban Overgrown

Stationary

Voyager satellite slips into view from behind the planet

006.02 An Urban Overgrown

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

006.03 An Urban Overgrown

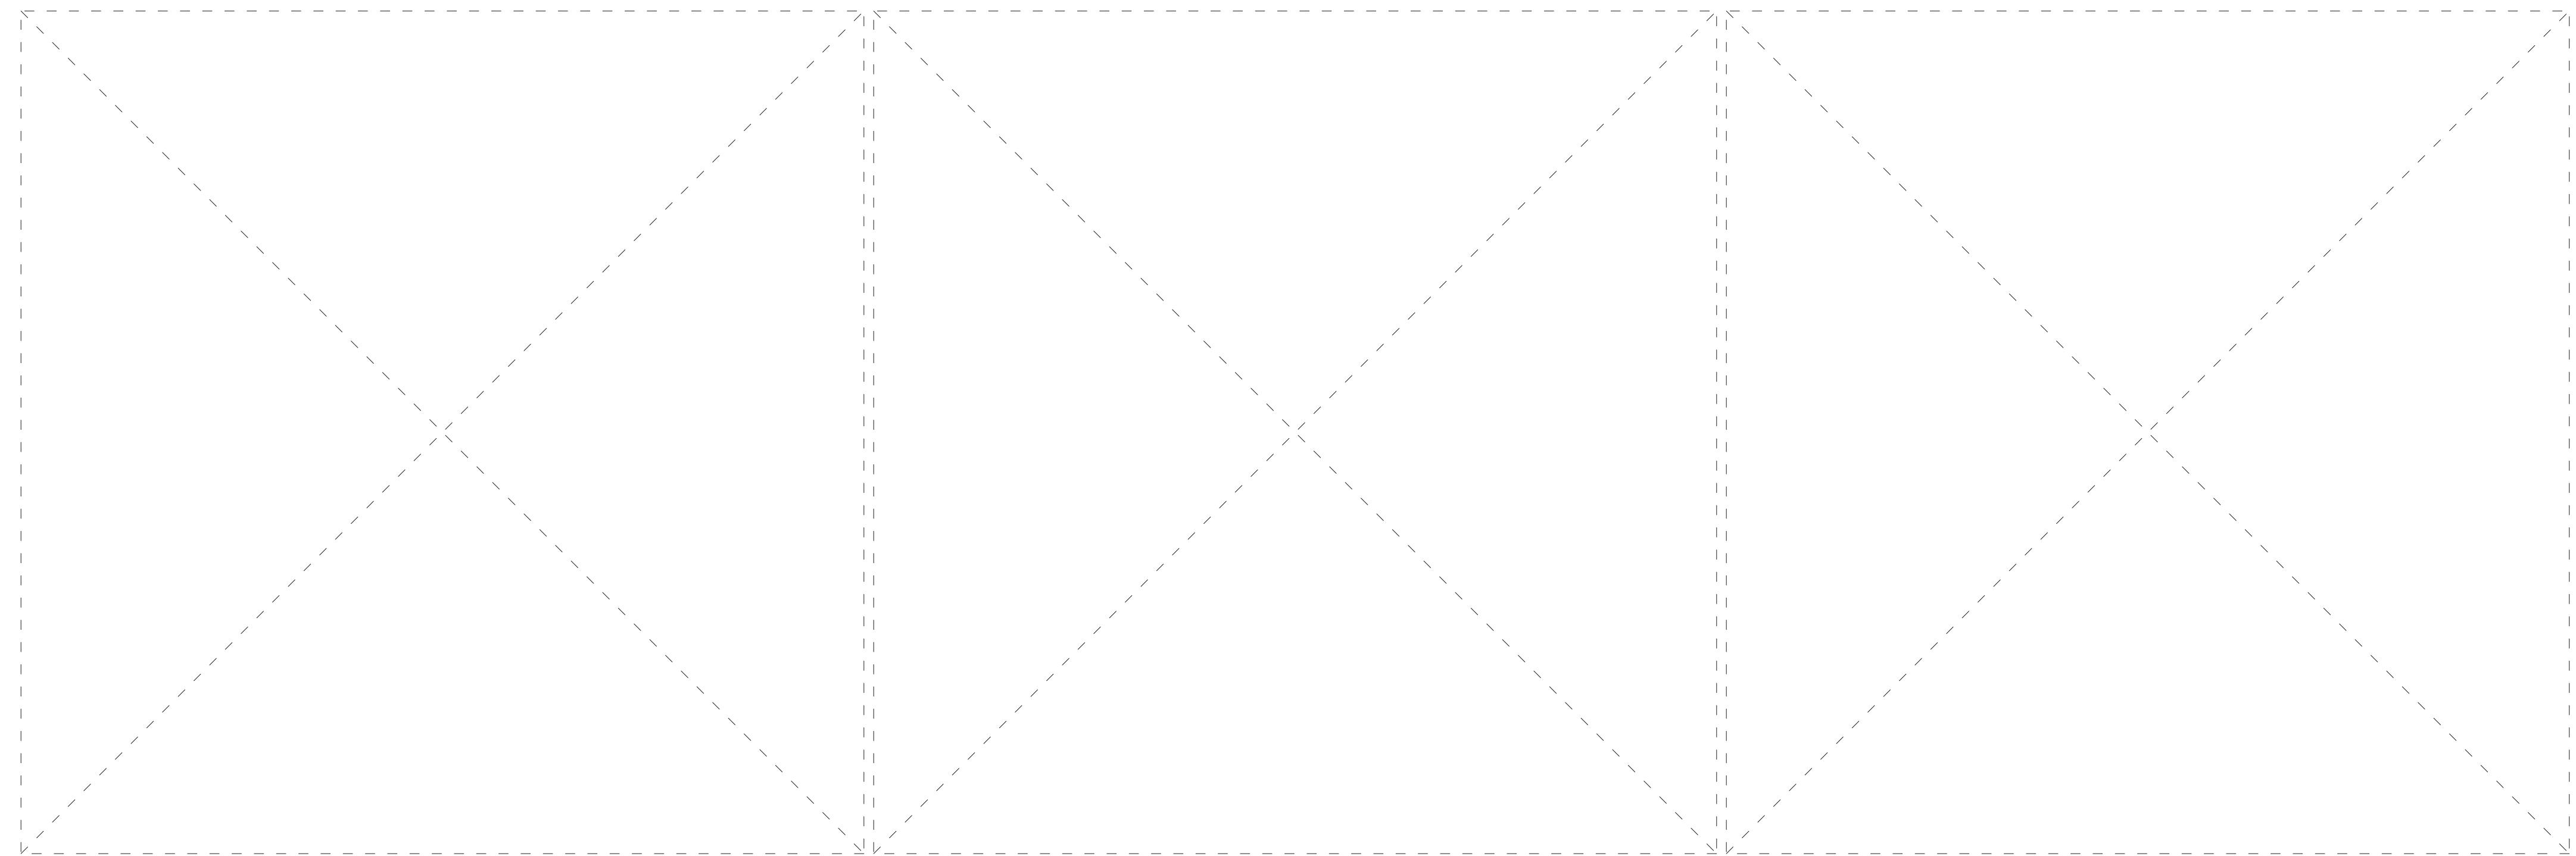

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

007.01 Washington Square

Stationary

Voyager satellite slips into view from behind the planet

008.01 Building Spaceship

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

008.02 Building Spaceship

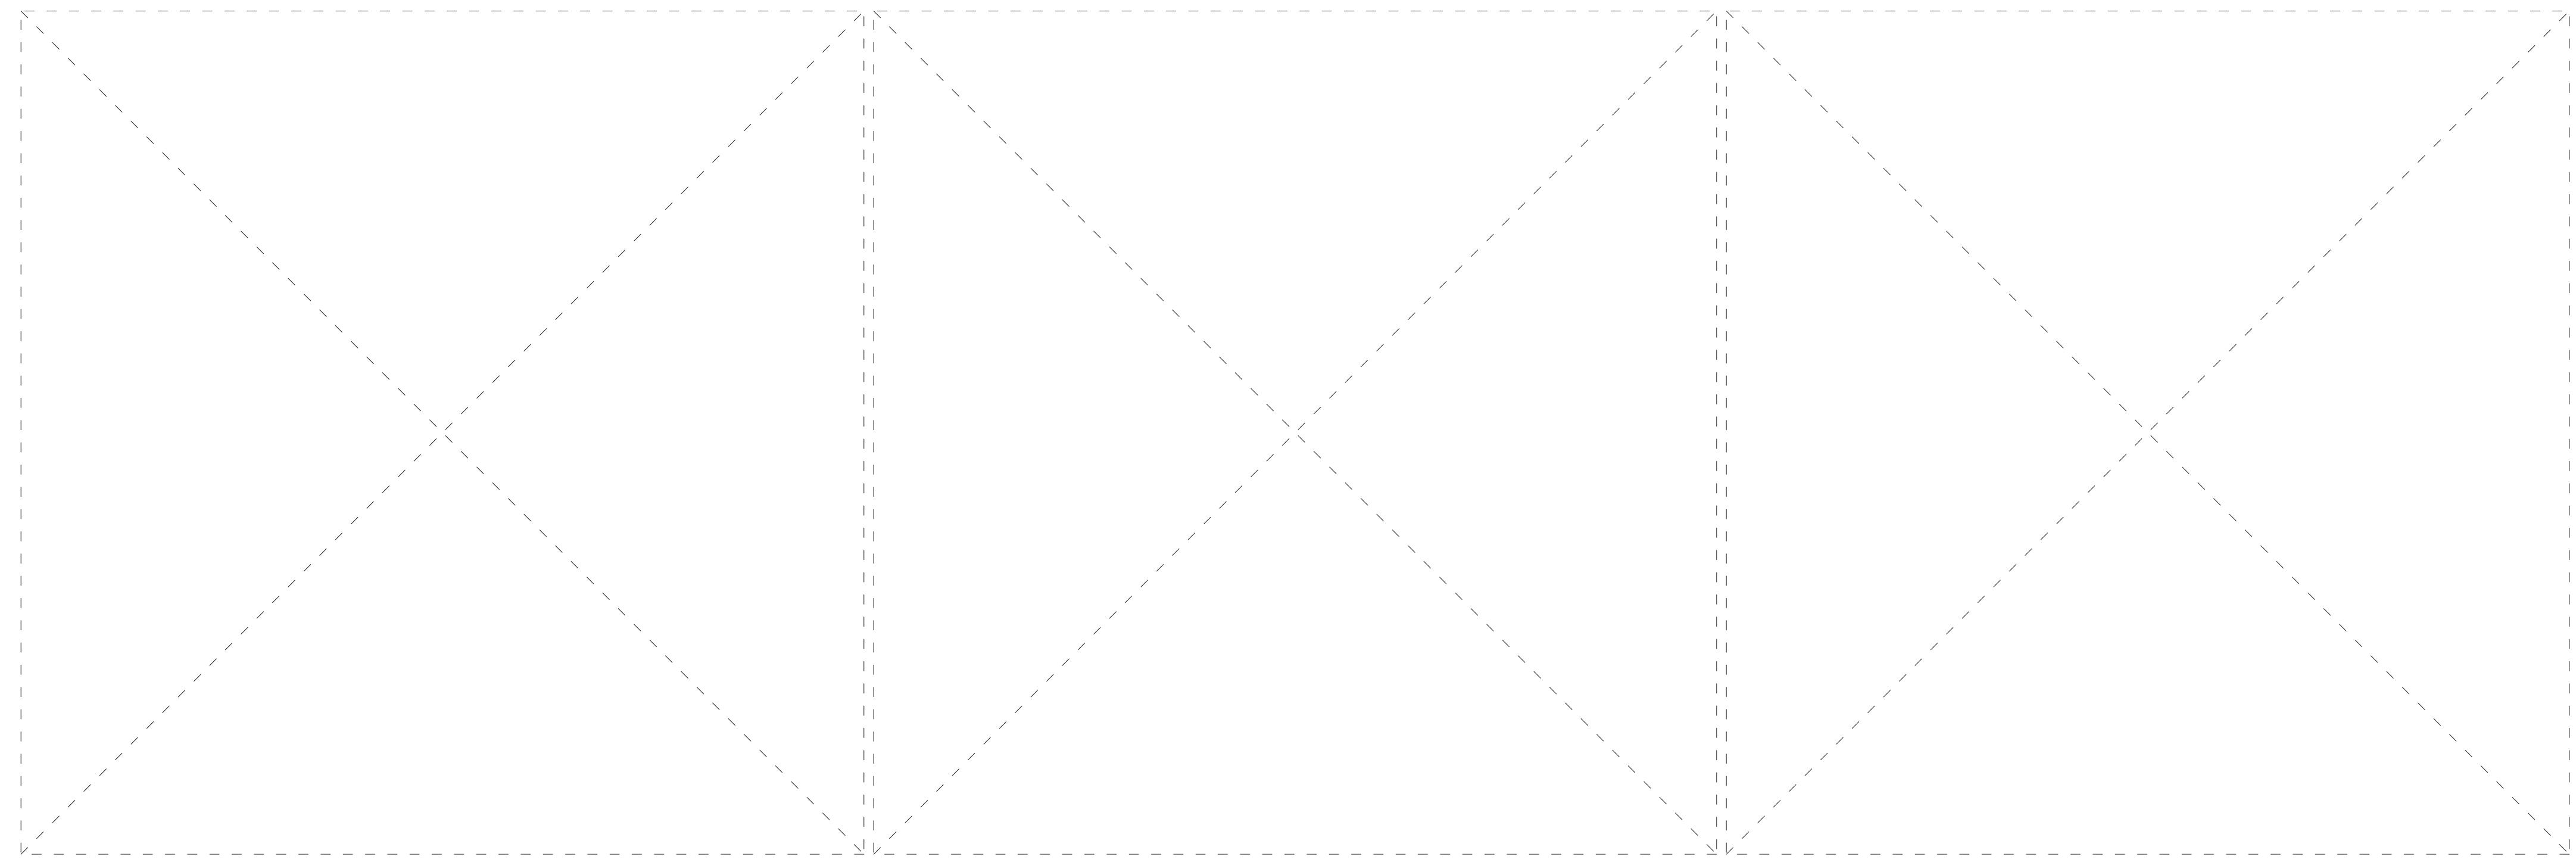

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

008.03 Building Spaceship

Stationary

Voyager satellite slips into view from behind the planet

009.01 Launch Party

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

009.02 Launch Party

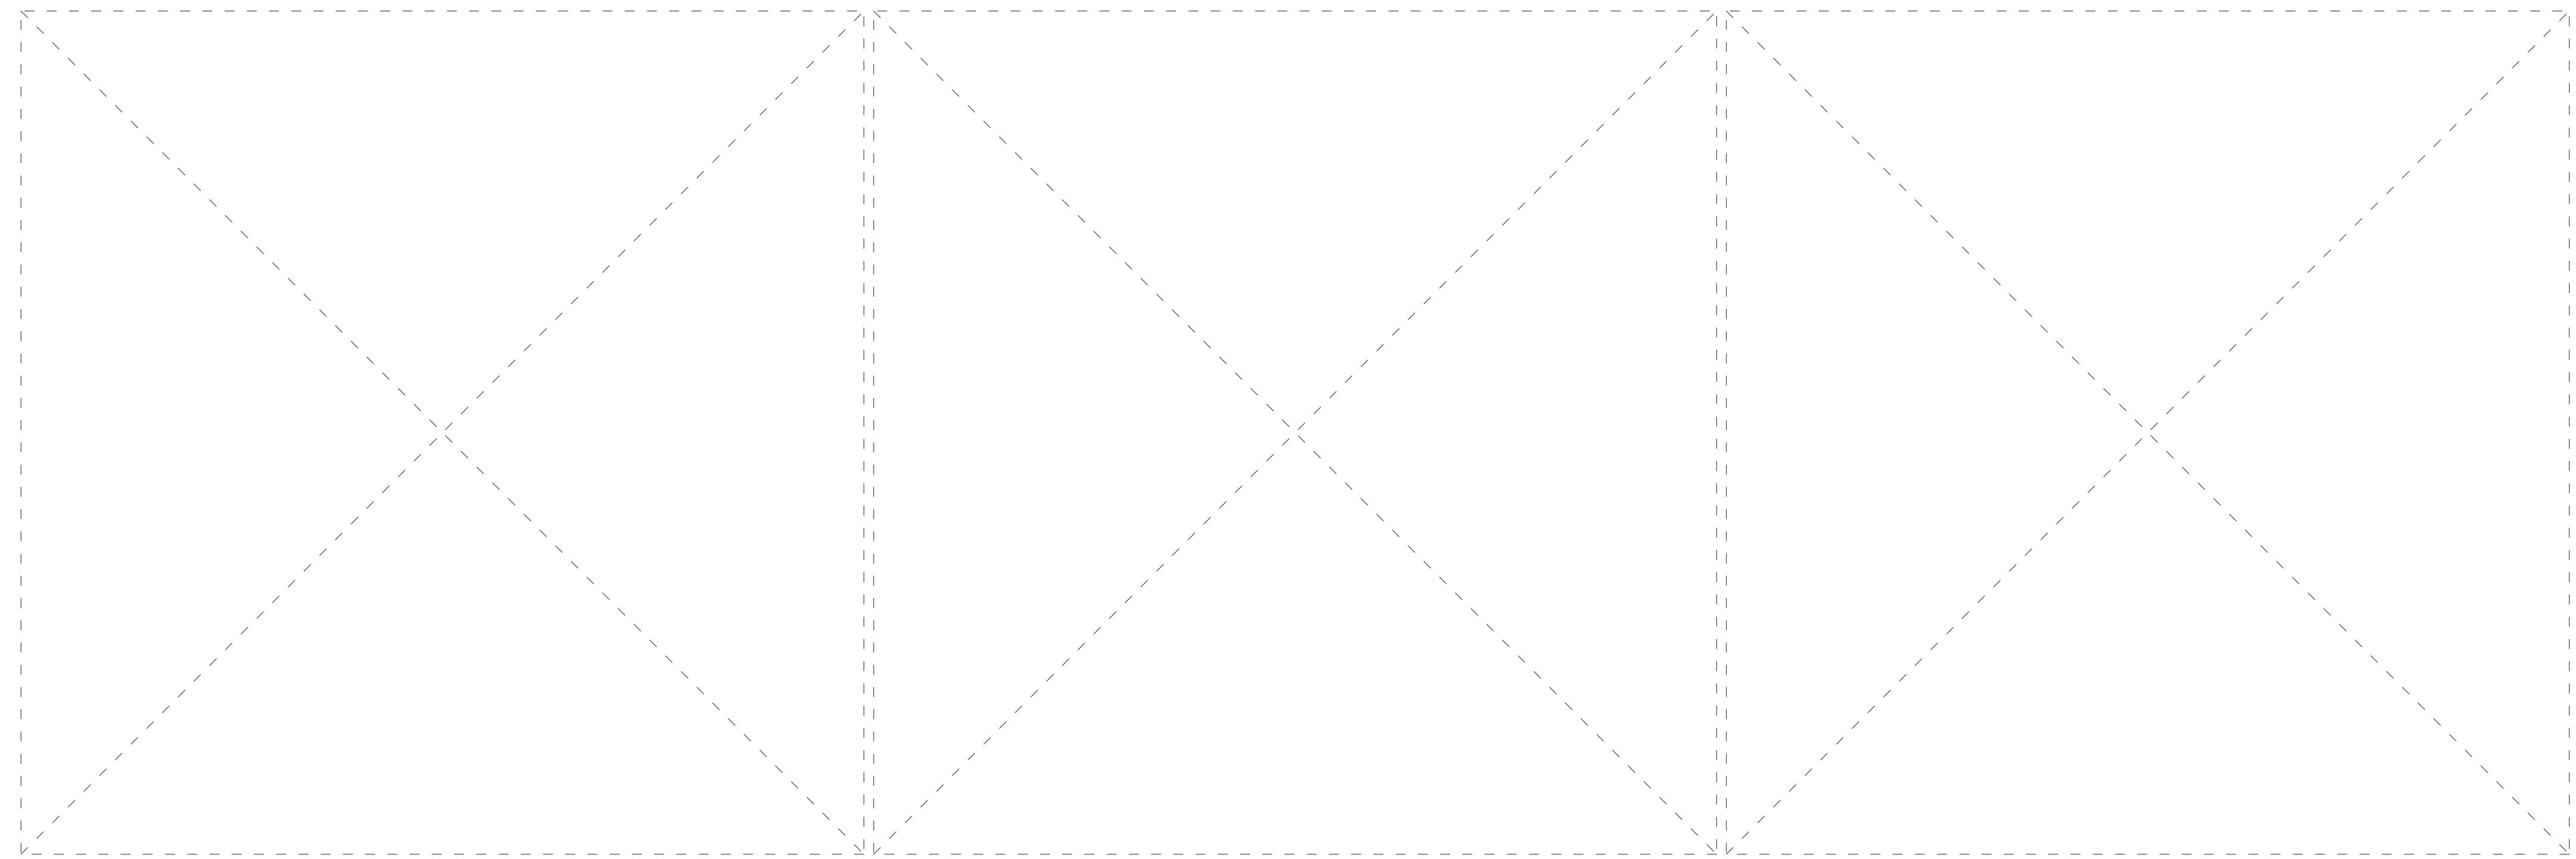

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

009.03 Launch Party

Stationary

Voyager satellite slips into view from behind the planet

010.01 Exit Velocity

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

010.02 Exit Velocity

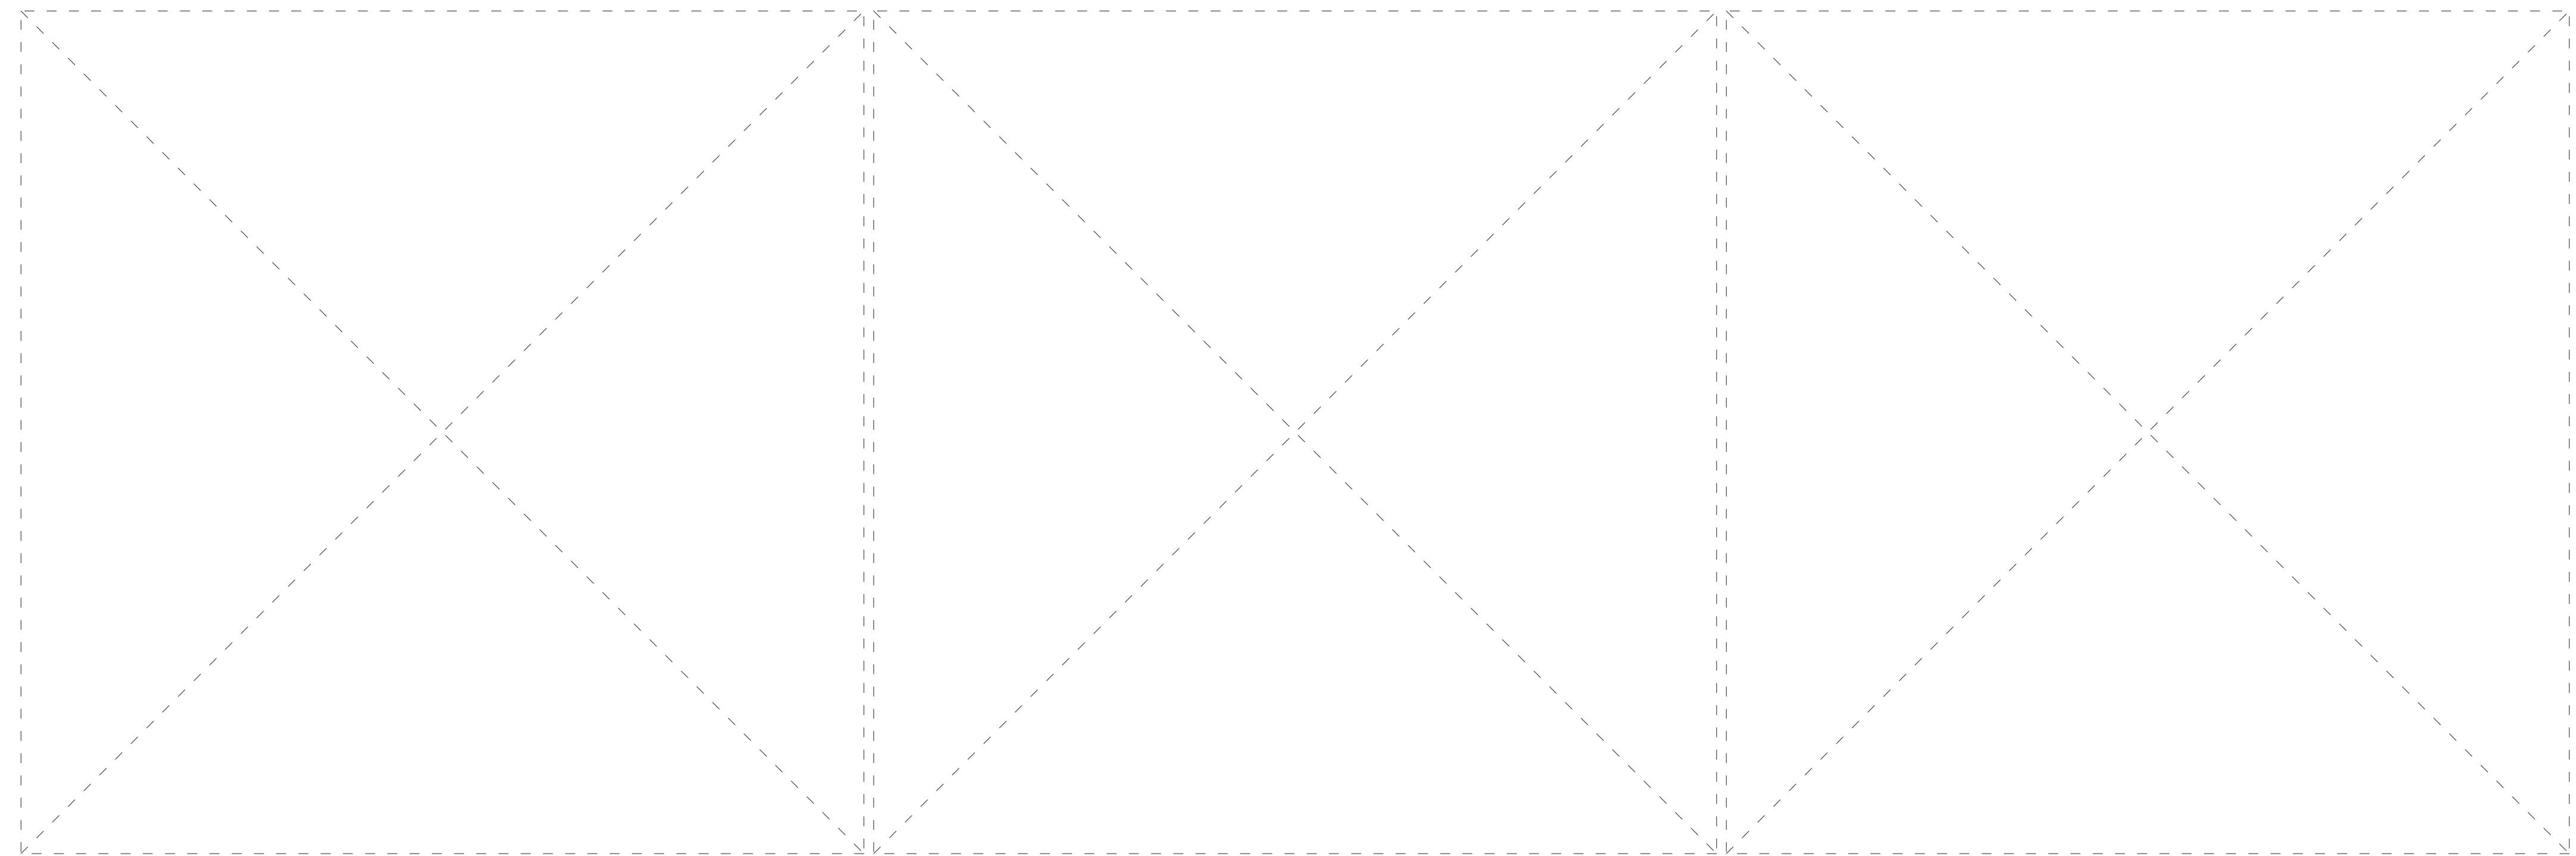

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

010.03 Exit Velocity

Stationary

Voyager satellite slips into view from behind the planet

011.01 2001: A Space Odyssey Already Did It

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

011.02 2001: A Space Odyssey Already Did It

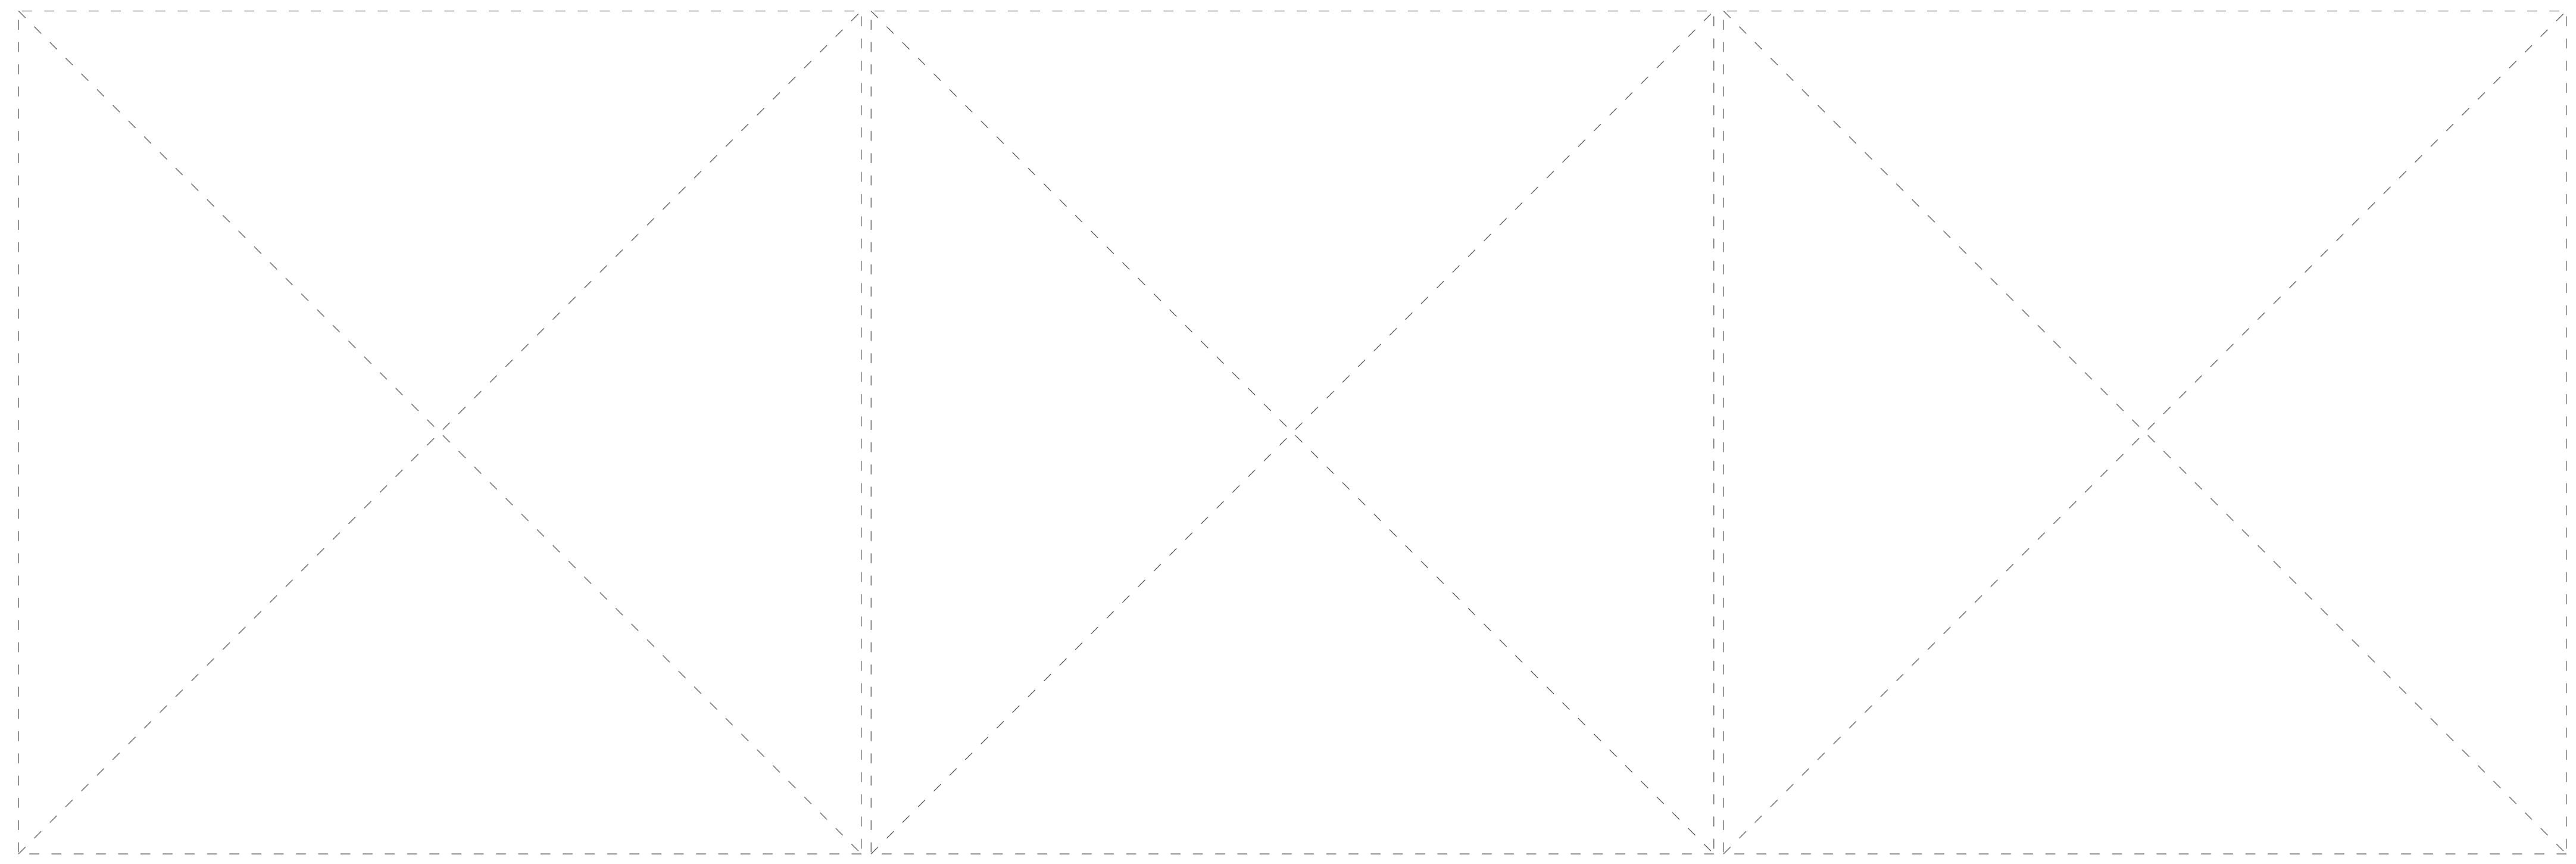

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

011.03 2001: A Space Odyssey Already Did It

Stationary

Voyager satellite slips into view from behind the planet

012.01 [Renamed] Ross 128

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

012.02 [Renamed] Ross 128

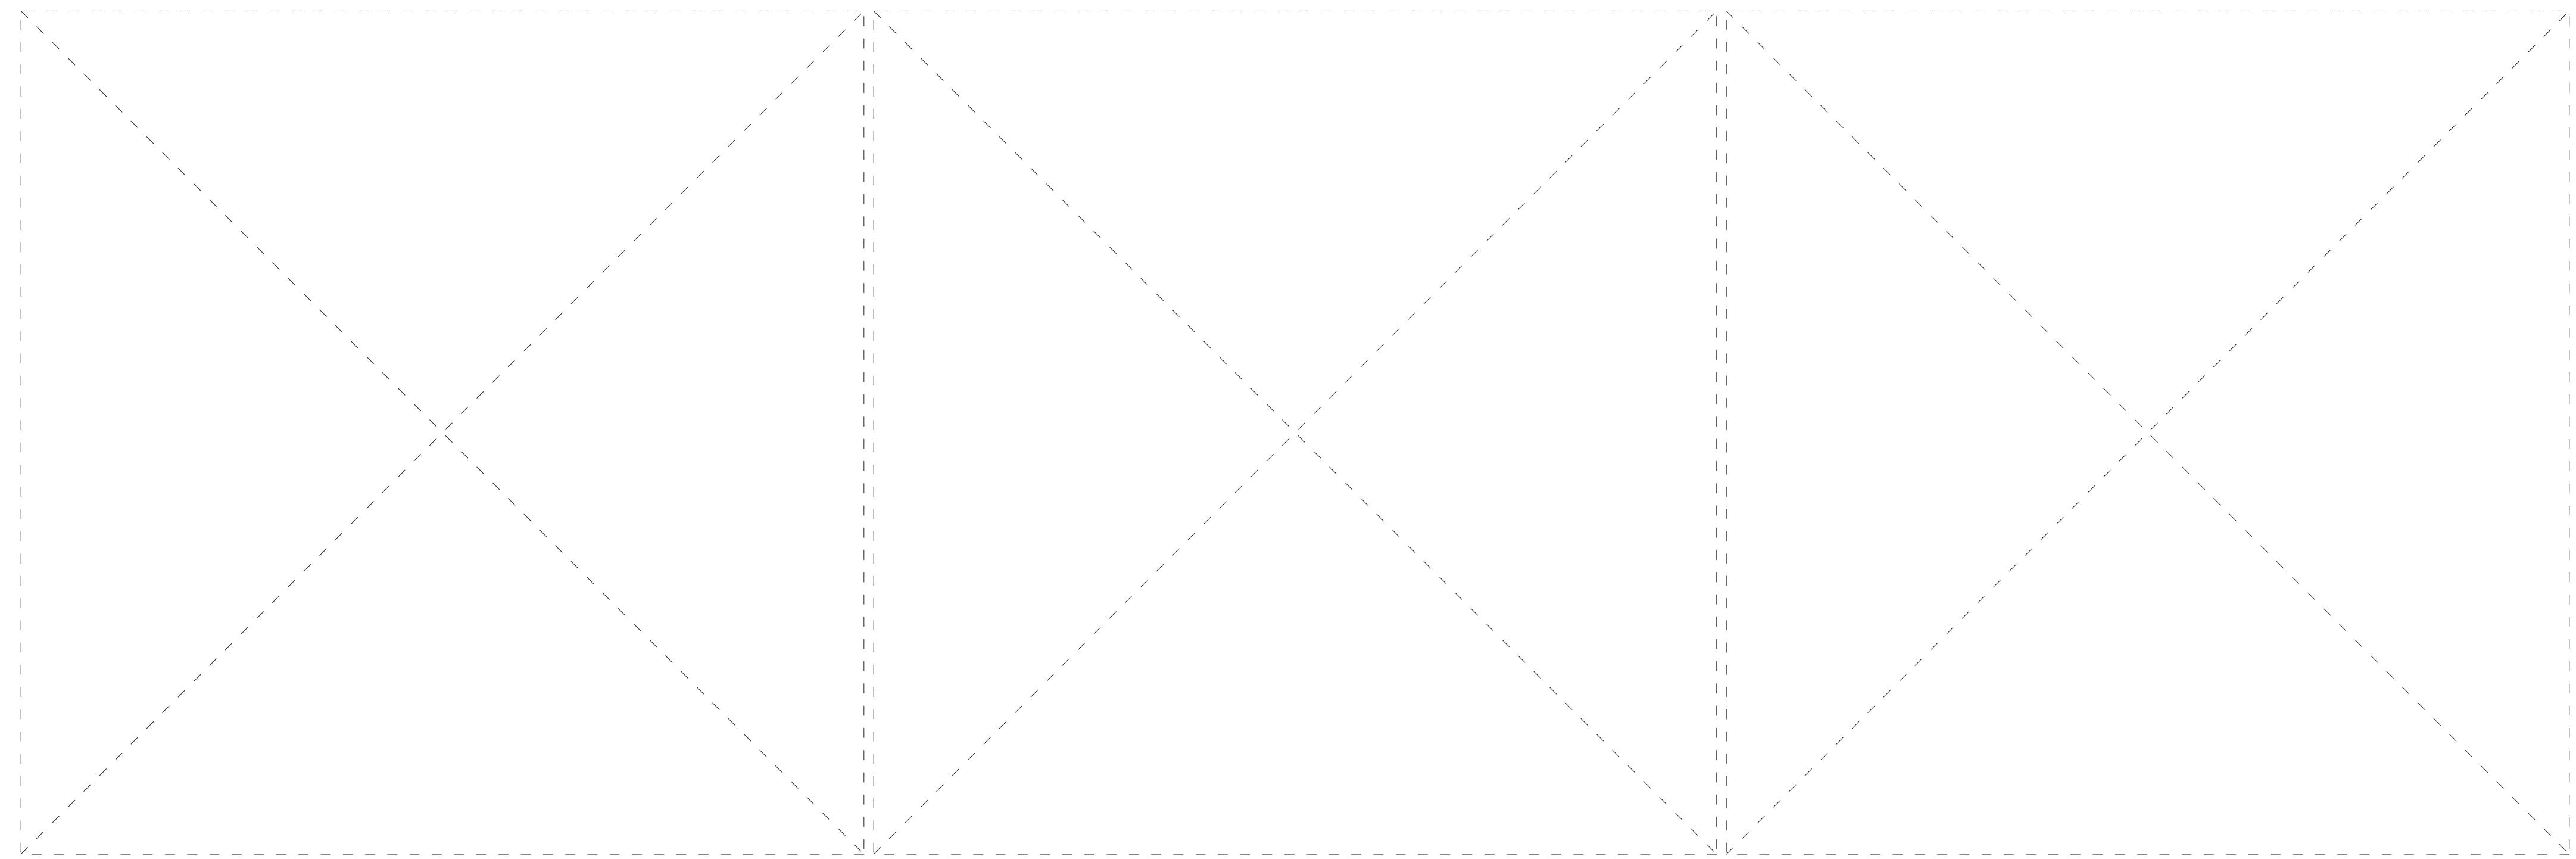

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

013.01 Planet Fall

Stationary

Voyager satellite slips into view from behind the planet

013.02 Planet Fall

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

014.01 Faune Fantastique

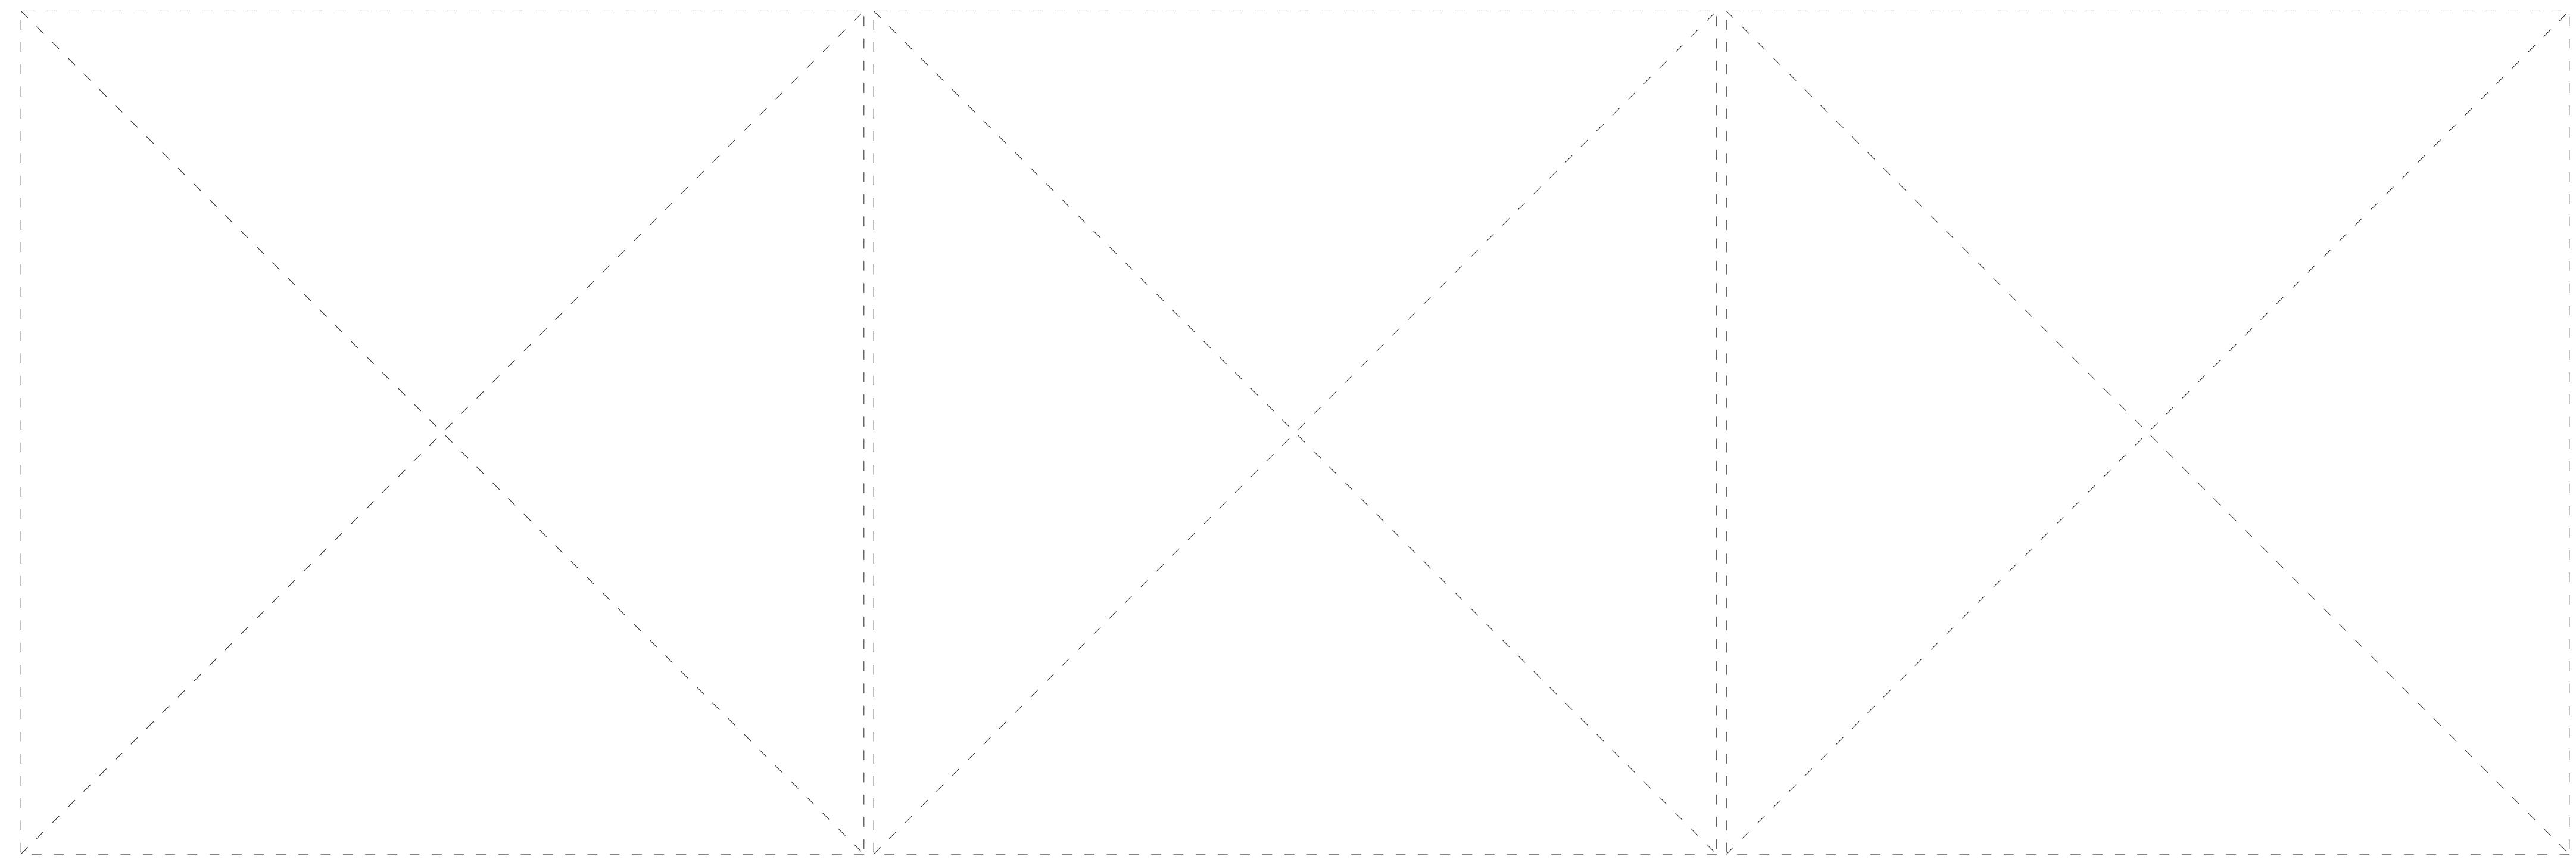

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

014.02 Faune Fantastique

Stationary

Voyager satellite slips into view from behind the planet

014.03 Faune Fantastique

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

015.01 la Fin

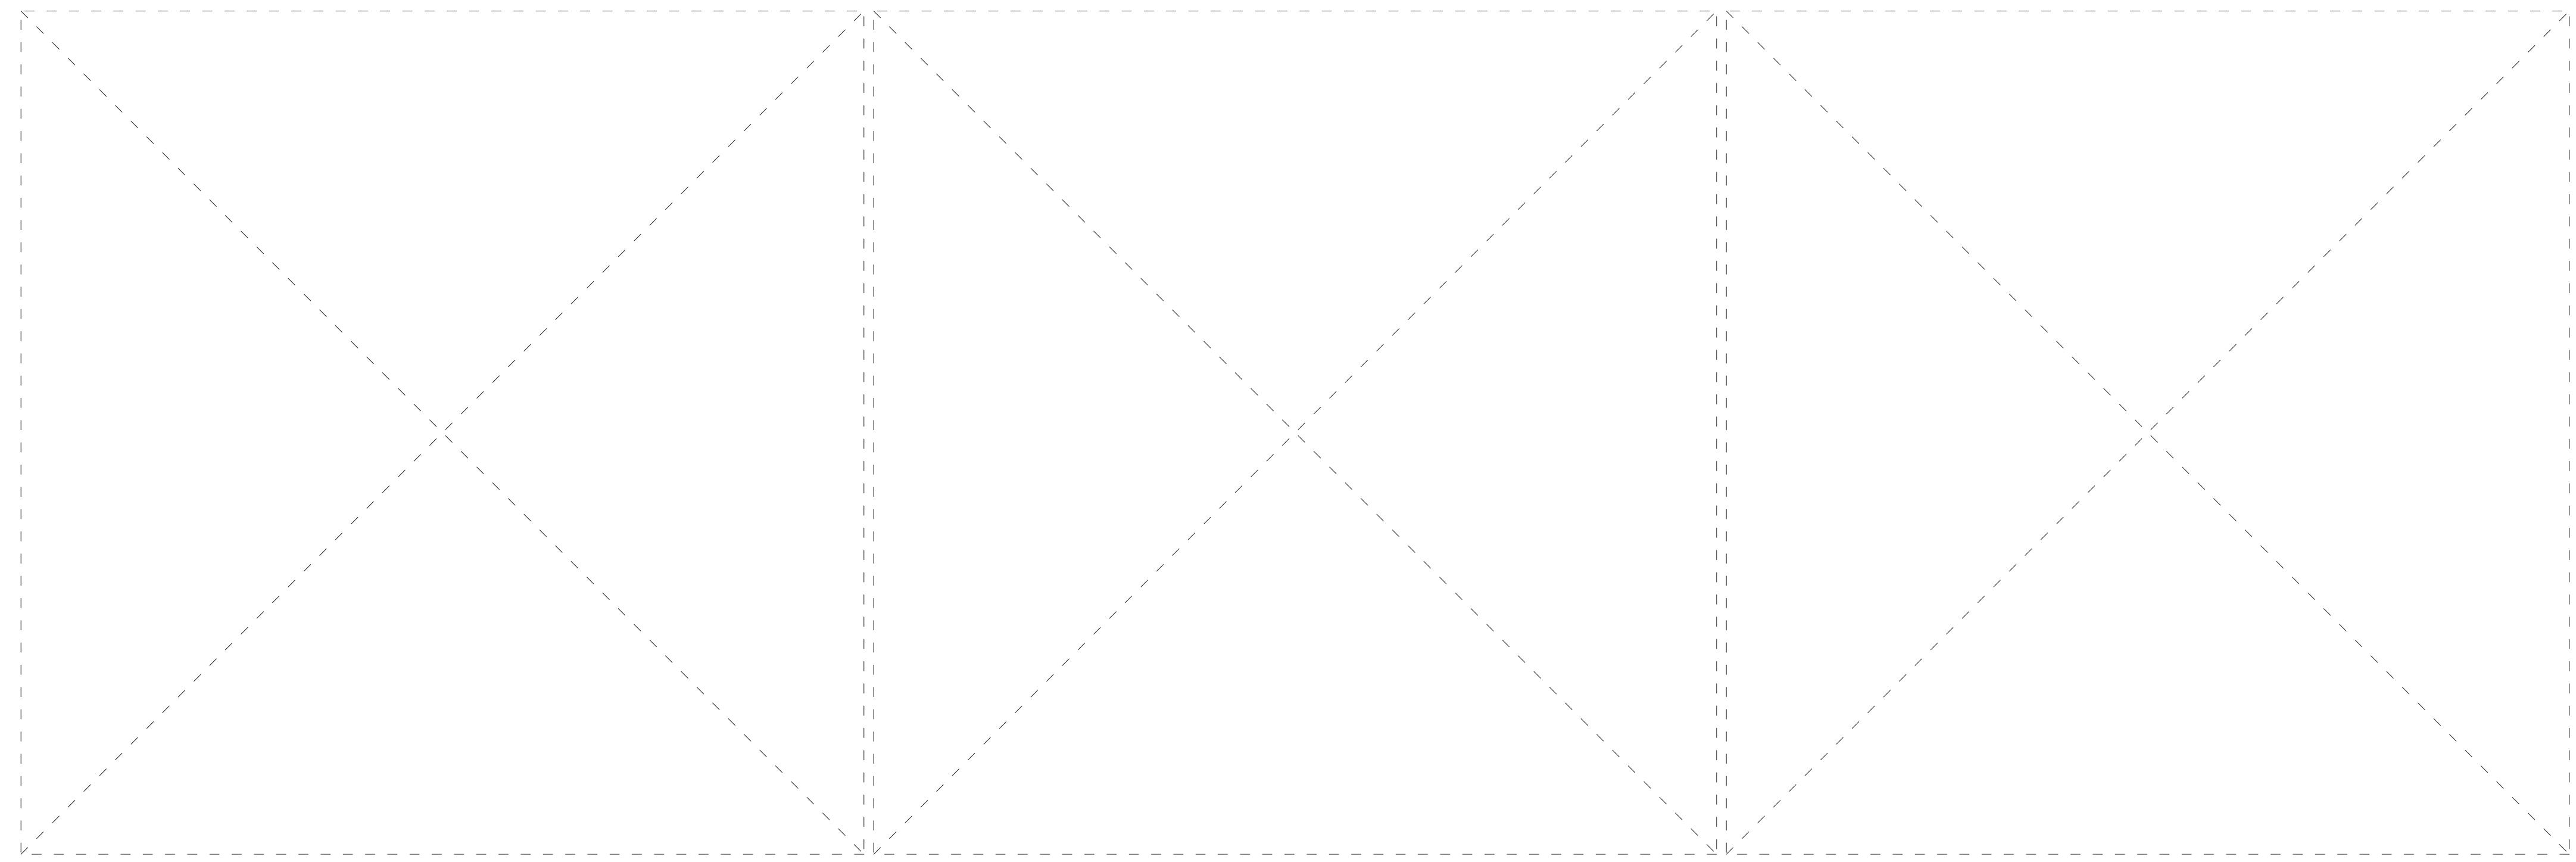

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

015.02 la Fin

Stationary

Voyager satellite slips into view from behind the planet

Slow zoom

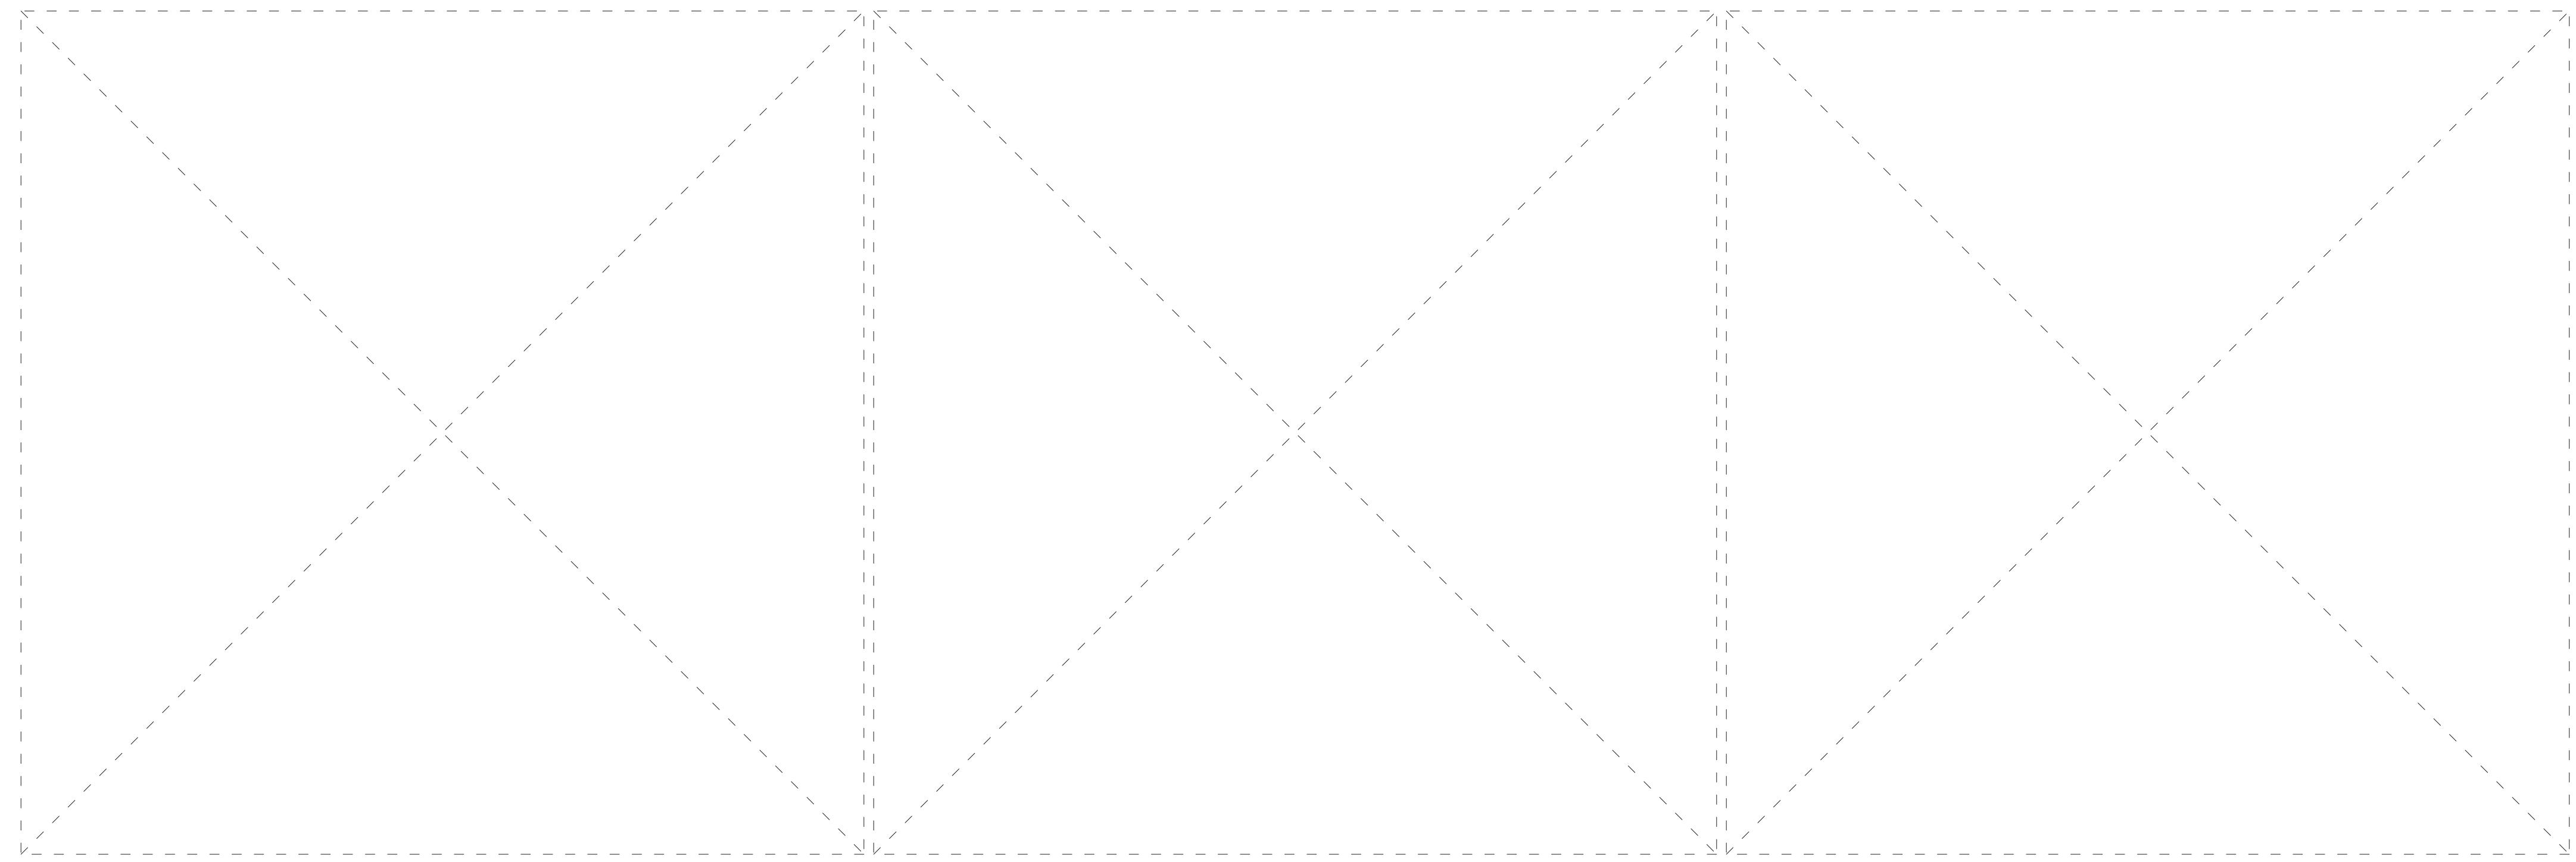

Out of the infinite expanse of stars, enter Ross 128

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.

Stationary

Voyager satellite slips into view from behind the planet

Slow zoom

Out of the infinite expanse of stars, enter Ross 128

Slow zoom

Atmosphere and surface of the planet reveal an odd, yet plausible life.
